

JOB OPPORTUNITY

CALIFORNIA STATE DEPARTMENT OF INSURANCE

SENIOR PROGRAMMER ANALYST, SPECIALIST

\$5,206 - \$6,327

INFORMATION TECHNOLOGY DIVISION

SACRAMENTO

RESPONSIBILITIES: Under the general direction of a Data Processing Manager II, the incumbent executes the duties of a lead developer to support the most complex systems in analysis, design, programming, and testing duties in support of the department's Producer Licensing and Fraud Division's business applications. The Senior Programmer Analyst (specialist) will serve as a technical expert and will make technical recommendations to the Section Chief in order to contribute in the formation of strategies and policies pertaining to application development, and other highly technical issues in support of business strategic direction. The incumbent will participate with CDI business partners/vendors and application developers in the development and testing of applications to meet business needs based on user specifications. Knowledge and experience in the Oracle tool set including Oracle's Internet Development Suite, Designer, PL/SQL, Java, XML, web services, and HTML is required.

DESIRABLE QUALIFICATIONS:

- Knowledge and experience using Java, JSP, J2EE, HTML, Oracle PL/SQL, Macromedia Dreamweaver, JavaScript, CVS, web services, and XML as well as Oracle Developer/Designer and JDeveloper
- Knowledge of Oracle's Internet Application Server
- Knowledge of Structured Methodology, J2EE concepts and the application development lifecycle
- Strong knowledge and experience in systems analysis/design and computer programming techniques
- Strong testing and problem solving skills/methodology
- Willingness to work in a team environment and build from the potential assets of each team member
- Strong analytical, verbal, and written communication skills
- Ability to lead development teams and/or work independently and efficiently, analyze situations, identify and solve technology problems and develop effective business solutions
- Ability to handle concurrent assignments, work under pressure and learn difficult concepts quickly

WHO MAY APPLY: Applications will be accepted from current State employees at the Senior Programmer Analyst Specialist level, those within transfer range, or those with list eligibility. All applications will be reviewed; however, only the most qualified candidates will be interviewed. Applicants currently on SROA lists or employed by a surplus department are encouraged to apply. Surplus candidates must attach a copy of their letter. ***All applicants must clearly indicate the basis of their eligibility (i.e., SROA, surplus, reemployment, reinstatement, transfer, or list eligibility) on the state application.***

APPLICATION PROCEDURE: Send a completed standard State of California application to Stephanie Brewer, Human Resources, Department of Insurance, 300 Capitol Mall, Suite 1300, Sacramento, CA 95814. **Please indicate "Senior Programmer Analyst-Specialist #105-1583-LIC/FRD" on the State application.** Applications received without the above information may not be considered for review. For additional information, please call (916) 492-3411.

FINAL FILING DATE: **July 31, 2006 or Until Filled**

NOTE: Interested individuals must submit applications in order to be considered for this position.
